

# 7 MAINTAIN / ITERATE / UPGRADE

## Senior Responsible Officer

### Colonel Sean Brady

Head of Capability Development  
030 679 32498  
Sean.Brady935@mod.gov.uk

## 2SL & DCNS Outer Office

### Commander Tom Shaves

Military Assistant to 2SL & DCNS  
01752811311  
Thomas.Shaves305@mod.gov.uk

All PODS are upgradable and sustainable

# HOW TO BUILD:

# NAVYPODS

## Components:

Global Partners

Government

Industry

Will and Leadership

Academia

Diversity of thought

## You will need:

Connectivity

Adaptability

Interchangeability

Simplicity

## Components:

Global Partners

Government

Industry

Will and Leadership

Academia

Diversity of thought

## You will need:

Connectivity

Adaptability

Interchangeability

Simplicity

# 1 DEFINE THE CURRENT AND FUTURE CONTEXT

Constant Competition

Climate Change

Artificial Intelligence

State Actors

Non-State Actors

Resources

# 2 FOCUS YOUR AMBITION

Commando Forces

Future Maritime Aviation Force

Underwater Dominance

# 3 THINK INSIDE THE BOX

- How can I deliver this differently?
- How can I innovate in this space?
- What best parts of tradition can I utilise?
- How do I fail fast and learn quickly?
- How can I embrace diversity of thought?
- How do I enable others to challenge?

# 4 BUILD INSIDE THE BOX

Collaborate on R&D and Develop

Personnel

Infrastructure

Logistics

Data/Digital

Doctrine

Navy PODS

## BOLD DECISION

# 5 DEPLOY - PROVE THE BOX

**Your Pod must be:**

- Sustainable
- Available
- Adaptable
- Interchangeable
- Connectable

Field immediately

Trial front line first

Fast buy mechanisms

# 6 PLUG AND PLAY WITH THE BOX

Utility

Availability

Sustainability

Lethality

- Operational Advantage
- Continuous Improvement
- Persistent Engagement
